

IDEALHOMES International

New Modern 2 Bedroom Apartment with Sea Views in Isla Canela , Huelva

Ever wished that you could live on a private island with beautiful calm beaches all around? Isla Canela is one of the most popular European destinations and the new up and coming locations for British people wishing to relocate abroad. With its beautiful beaches and sunshine all year round, it's no surprise why this place is highly sought after!

This private condominium is situated right on the beach front – with direct access to the Promenade and bicycle lane. Not only does this complex have one of the best views of the ocean, it also has landscape gardens all around – so no matter what you look at, there is always something pleasant to see. If you don't want to leave the condominium, there is still plenty to do from the two spacious swimming pools (adults with underwater lights and children's pool), two paddle tennis courts along with a tennis court and a play area for children.

This amazingly designed development is completed and includes lifts, video entry system, satellite TV dish, apartments with pre-installation of Air-conditioning and heating split systems in living room and all bedrooms. Front security door, remote controlled vehicle access gate, PVC exterior carpentry, with low-emission "Climalit" double glazing with solar control and an argon gas chamber.

Inside these well designed and spacious apartments you will find a furnished and equipped kitchen with oven and built in extractor fan, top quality fitted bathrooms, double glazed windows. These apartments also have controlled mechanical ventilation systems that allow air to be reused without the need to open windows.
